Dear Parent/Guardian,

1-20-2010

As part of the state-mandated health curriculum, a unit on human sexuality is taught to all GISD middle and high school students. The teachers utilize Scott and White's abstinence-education curriculum entitled "Worth the Wait." The curriculum includes a comprehensive two-week unit based on the medical and legal facts regarding teen sexuality. It will be taught from May 3rd to May 17th.

According to the Texas Education Code, GISD must provide you with the opportunity to review the content of the District's human sexuality instruction. We will have a Scott and White physician conduct a parent information meeting on March 9th from 7-8pm in the student center. All parents are encouraged to attend. Research shows that parents are the most influential persons regarding teens' decisions about sex. If you are unable to attend this meeting, and would like to review the material, you can make an appointment with the nurse.

As a parent/guardian, you have the right to remove your child from any part of the human sexuality instruction. If you do not want your child to participate in this unit, please complete the attached form and return it to your child's school nurse by April 9th.

Thank you for your support and cooperation.

Sincerely,

Charles Hammond, Principal
Granger ISD
